Professional Experience

04/2022 – 07/2022
Tbilisi, Georgia

Software Developer Intern, Tecklink

- » Coded software updates and alterations based on detailed design specifications.
- » Served as an ambitious and motivated apprentice to senior software developers.
- » Worked at an independent level while, also serving as an enthusiastic and effective collaborator.
- » Worked with the backend team and frontend team in developing both backend and frontend for projects with Vue CLI, Node, MongoDB and express (MEVN).
- » Planned website development, converting mockups into usable web presence with Html, JavaScript, AJAX and JSON Coding.
- » Employed coding practices based on commonly accepted standards to establish site layout and user interface

04/2019 – 02/2022
Ekiti, Nigeria

Full Stack Developer, DSC

- » Worked with project manager, team of developers and customers to resolve technical issues.
- » Developed and maintain documentation related to softwares development processes and systems, including requirements and design documentations.
- » Trained and managed team of developers and discussed issues in order to provide resolution and apply best practices
- » Orchestrated efficient large-scale software deployments, including testing features and correcting code.

09/2017 – 01/2019
Oyo, Nigeria

Web Developer Intern, SQL ICT

- » Planned website development, converting mockups into usable web presence with Html, JavaScript, JAX and JSON Coding.
- » Built some great projects like Banking Applications, PWA Chat Applications, Management System for Schools and Churches using Web technologies like Php, AJAX, MySQL
- » Employed coding practices based on commonly accepted standards to establish site layout and user interface
